Address: Pune, Maharashtra

SUMMARY

React Developer with 4 years of professional IT experience, including 3+ years of hands-on experience developing scalable web applications using React.js, TypeScript, JavaScript, Redux, and REST APIs. Skilled in building reusable and responsive UI components, state management, API integration, bug fixing, and performance improvements. Experienced in code reviews, production support, **CI/CD deployments**, **functional testing**, and release stabilization. Strong collaborator with QA engineers, backend developers, and business stakeholders in **Agile/Scrum environments.**

TECHNICAL SKILLS

- Frontend**: React.js, JavaScript (ES6+),** TypeScript, **Redux**, HTML5, CSS3, SCSS, Tailwind CSS
- Backend: **Node.js, Express.js, REST APIs**
- Database: MongoDB, PostgreSQL
- Testing: **Jest**, React Testing Library
- Tools: **Git**, **GitLab**, GitHub Copilot, **Jira**, Postman, npm, Vite, CI/CD, Agile Scrum

PROFESSIONAL EXPERIENCE

Senior Systems Engineer
Infosys | Pune **Oct 2022 – Present**

Project 2 – React Developer

- **Developed** and enhanced **loan-related UI modules** using React.js, TypeScript, Redux, and REST API integrations.
- Delivered **multiple Jira PBI** stories using React.js, TypeScript, Redux, and REST API integrations.
- Resolved **production issues** and implemented **bug fixes**, improving application stability and user experience.
- Created **Merge Requests** (MRs), participated in code reviews, and supported CI/CD deployments.
- Collaborated with QA engineers, backend developers, and business stakeholders in an **Agile Scrum environment**.
- Performed **Functional Testing**, including **Test Planning**, **Test Execution**, and validation of application features before release.
- Used **GitHub Copilot** to generate **Jest test cases** while reviewing and validating all AI-generated code for correctness and quality.

Project 1 – L2 Engineer

- Managed **vulnerability patching and software packaging** processes to support application security and system stability.
- Resolved **L2 technical incidents** through troubleshooting, issue analysis, and timely resolution.
- Collaborated with technical teams to investigate and resolve **application and production issues**, demonstrating strong problem-solving and troubleshooting skills.

EDUCATION

Bachelor of Engineering
Savitribai Phule Pune University **2018 – 2022**

AWARDS AND CERTIFICATIONS

Infosys Insta Award – Outstanding Delivery & Ownership (May 2026) **-** Recognized for consistently delivering features for the Policy Loans application by proactively clearing dependencies and ensuring timely delivery of committed work.

Infosys Insta Award – Learning Excellence (March 2024) **-** Awarded for rapidly learning and contributing to .NET remediation initiatives.

Infosys Certified React Web Developer Certification – (July 2026)

Projects

AI Interview Agent

- Built an AI-powered interview platform using React.js, Node.js, Express.js and MongoDB with authentication, REST APIs and responsive UI.

E-Commerce Web Application

- Developed a responsive e-commerce application using React.js, Redux Toolkit and SCSS with centralized state management and reusable components.
